

Module Title:	Law for Brewing and Distilling 2
Language of Instruction:	English
Credits:	5
NFQ Level:	8
Module Delivered In	1 programme(s)
Teaching & Learning Strategies:	Lectures - communication of knowledge and ideas from lecturer to student. Problem Solving Exercises - students will work as part of a team to resolve various theoretical legal problems. Class Discussion/Debate - Students will be encouraged to participate actively in class which will develop their analytical and communication skills. E-Learning - It is envisaged that the module will be supported by online learning materials. Self-Directed Independent Learning - an emphasis on independent learning will develop strong and autonomous work and learning practices.
Module Aim:	To provide students with a comprehensive introduction to the regulatory environment relevant to the brewing and distilling industry.
Learning Outcomes	
<i>On successful completion of this module the learner should be able to:</i>	
LO1	Identify and distinguish between the various branches of commercial law, and demonstrate a clear understand of the salient features of each
LO2	Apply theoretical knowledge to common problem scenarios to produce reasoned solutions
LO3	Access and utilize both paper and electronic sources of legal information for research purposes
LO4	Evaluate the efficacy of applicable legal rules and identify desired reforms for communication to the relevant authorities
Pre-requisite learning	
Module Recommendations <i>This is prior learning (or a practical skill) that is recommended before enrolment in this module.</i>	
No recommendations listed	
Incompatible Modules <i>These are modules which have learning outcomes that are too similar to the learning outcomes of this module.</i>	
No incompatible modules listed	
Co-requisite Modules	
No Co-requisite modules listed	
Requirements <i>This is prior learning (or a practical skill) that is mandatory before enrolment in this module is allowed.</i>	
No requirements listed	

Module Content & Assessment

Indicative Content

DATA PROTECTION LAW

• Statutory Basis for Data Protection Law • Data Controllers and Data Processors • Legal Obligations of Data Controllers • Rights of Data Subjects • Data Protection Rules • Direct Marketing • Transfers Abroad • Data Security Breach Code of Practice

INTELLECTUAL PROPERTY LAW

• The Law of Patents and Allied Rights • The Law of Copyright and Related Rights • The Law of Trademarks and Allied Rights • Intellectual Property Rights in Data and Information • Unfair Competition • Trade Secrets • Enforcement and Remedies

EMPLOYMENT LAW

• The Contract of Employment (Overview, Formalities, Express and Implied Terms, Variation of Terms, etc) • Protective Legislation • Equality Claims • Unfair Dismissal • Requirement for Fair Procedures • Workplace Bullying

INTRODUCTION TO IRISH AND EU COMPETITION POLICY

• Introducing and operating an effective competition law compliance programme in order to avoid breaches of domestic or EU competition law, in particular: directly or indirectly fixing purchase or selling prices or any other trading conditions; limiting or controlling of production, markets, technical development, or investment; sharing markets or sources of supply; applying dissimilar conditions to equivalent transactions with other trading parties which place them at a competitive disadvantage; making the conclusion of contracts subject to acceptance by the other parties of supplementary obligations which, by their nature or according to commercial usage, have no connection with the subject of such contracts; abusing a dominant position on a particular market

Assessment Breakdown	%
Continuous Assessment	40.00%
End of Module Formal Examination	60.00%
