

Module Title:	Work placement Pharmaceutics
Language of Instruction:	English
Credits:	15
NFQ Level:	8
Module Delivered In	1 programme(s)
Teaching & Learning Strategies:	Spanning a period not less than 12 weeks, ideally the student will gain relevant experience in a variety of aspects of the operation of a pharmaceutical/scientific industry. A range of scientific skills & techniques, procedures and processes will be gained, developed and improved during the work placement. The student will record and review the experience in a work place journal which will form the basis of a final report. This report will be validated by the employer / supervisor.
Module Aim:	To provide the student with an opportunity, within a structured setting, to gain experience of the work environment in the scientific/pharmaceutical industrial sector.
Learning Outcomes	
<i>On successful completion of this module the learner should be able to:</i>	
LO1	Be able to describe and discuss the host organisations and appraise and evaluate the organisation's contribution to the industrial and commercial environment in which it operates.
LO2	Work in individual and team based scenarios in a dynamic work environment.
LO3	Apply, develop and integrate skill sets studied in academic programme.
LO4	Evaluate the various skills acquired in the work placement programme.
LO5	Integrate into the social structure of the work-place.
LO6	Apply and critically evaluate health and safety assessments in a commercial setting.
LO7	Develop the skills and confidence to choose and acquire suitable employment
Pre-requisite learning	
Module Recommendations	
<i>This is prior learning (or a practical skill) that is recommended before enrolment in this module.</i>	
No recommendations listed	
Incompatible Modules	
<i>These are modules which have learning outcomes that are too similar to the learning outcomes of this module.</i>	
No incompatible modules listed	
Co-requisite Modules	
No Co-requisite modules listed	
Requirements	
<i>This is prior learning (or a practical skill) that is mandatory before enrolment in this module is allowed.</i>	
No requirements listed
