

# BUSS H4710: Data Analytics (Tourism and Event Management)

Module Title:		Data Analytics (Tourism and Event Management)			
Language of Instruction:		English			
1	·				
Credits:	5				
NFQ Level:	8				
Module Delivered In		1 programme(s)			
Module Delivered III		T programme(s)			
Teaching & Learning Strategies:		Formal lectures, group-based activities, class discussion, case studies and laboratory sessions may be used in the presentation of this module. Typically the lectures will be short (20-30 minute lectures) with the practical sessions providing students with the immediate opportunity to implement and reinforce the material presented in the short lectures.			
Module Aim:		The aim of this module is to provide students with an understanding of data analytics and to critically evaluate, select and utilise data analytics (including statistics) and the insights garnered ethically in a tourism & event management context			
Learning Outcomes					

Learning Outcomes					
On successf	On successful completion of this module the learner should be able to:				
LO1	Critically reflect on, evaluate and communicate the key principles, theories and techniques for data analytics as they apply the tourism and event management sectors				
LO2	Demonstrate practical knowledge of Web Analytics tools, Social Media Analytics and Email marketing Analytics				
LO3	Appraise and evaluate key business and marketing metrics, KPIs and customer segmentation				
LO4	Appraise and analyse data, present and defend it effectively to others				

### Pre-requisite learning

This is prior learning (or a practical skill) that is recommended before enrolment in this module.

No recommendations listed

Incompatible Modules
These are modules which have learning outcomes that are too similar to the learning outcomes of this module.

No incompatible modules listed

### Co-requisite Modules

No Co-requisite modules listed

Requirements
This is prior learning (or a practical skill) that is mandatory before enrolment in this module is allowed.

No requirements listed

# BUSS H4710: Data Analytics (Tourism and Event Management)

## **Module Content & Assessment**

Concept & current state of data analytics

Evolution & current status of data analytics, business & marketing insights

Types of data (big data, structured, un-structured)
