MGMT H4001: Brand Management

University					
Module Title:		Brand Management			
Language of Instruction:		English			
Credits:	5				
NFQ Level:	8				
Module Deli	ivered In	1 programme(s)			
Teaching & Learning Strategies:		The case study method will be used throughout this module to apply the learner's brand knowledge to different challenges that arise in the work of a brand manager. Learners will also be required to present, justify and defend their recommendations in class debates on case study work. Brand management decisions will be taught through learners producing a brand plan reflecting customer needs, of a live case company and reflecting on their learning experience. This module will explore the growing movement for brands to become involved in wider societal issues such as environmental, societal and governance.			
Module Aim:		The aim of this module is to provide learners with a practical understanding of the theories, roles and application of strategic brand management decisions affecting customer choice. The module explores the creation and management of brands as well as examining brand equity. Digital and global brand management strategies are also explored including digital brand communities and managing iconic global brands.			
Learning O	utcomes				
On successi	ful completion o	f this module the learner should be able to:			
LO1		rstanding of strategic brand management decisions such as brand identities, brand narratives, growing, d managing brand equity.			
LO2	LO2 Measure brand performance and design a brand plan with fully justified recommendations to respond to changing custor buyer journeys.				
LO3	Critically anal	yse the impact of digital and globalisation on Brand management strategies.			
Pre-requisit	te learning
