

Module Title:	Sports Performance Analysis 1
Language of Instruction:	English
Credits:	5
NFQ Level:	8
Module Delivered In	2 programme(s)
Teaching & Learning Strategies:	The learning outcomes detailed below will be achieved through the following teaching methodologies: Lectures – The lecturer will use a combination of lecture, Questions & Answers, group discussion and presentations. Problem Solving Exercises – Students will work as part of a team and will work together to resolve various tasks associated with the interpretation of data in both theory and practical classes. Class Discussion/Debate - Students will be encouraged to actively participate in the class sessions which will develop their analytical and communication skills. Self-Directed Independent Learning – The emphasis on independent learning will develop strong and autonomous work and learning practices.
Module Aim:	The aim of this module is to develop students' applied knowledge and understanding of sports performance analysis. Students will be introduced to the concept of needs analysis and the role that understanding coaching philosophy has in deciding Performance Analysis provision. The students will also develop transferable skills such as presentation skills, team-work, communication, project management and working to deadlines.
Learning Outcomes	
<i>On successful completion of this module the learner should be able to:</i>	
LO1	Demonstrate the technical skills and knowledge to perform within a sports performance analysis setting
LO2	Identify Performance indicators based on 1) understand coaches philosophy 2) scientific literature 3) needs analysis
LO3	Demonstrate an understanding of contemporary issues that are present in the analysis of sports performance
Pre-requisite learning	
Module Recommendations <i>This is prior learning (or a practical skill) that is recommended before enrolment in this module.</i>	
No recommendations listed	
Incompatible Modules <i>These are modules which have learning outcomes that are too similar to the learning outcomes of this module.</i>	
No incompatible modules listed	
Co-requisite Modules	
No Co-requisite modules listed	
Requirements <i>This is prior learning (or a practical skill) that is mandatory before enrolment in this module is allowed.</i>	
No requirements listed
