

PRTC H3406: Supervised Professional Practice 3

Module Title	:		Supervised Professional Practice 3
Language of	f Instructio	n:	English
Credits:		30	
NFQ Level:		7	
Module Deliv	vered In		2 programme(s)
Teaching & Strategies:	Learning		T&L Strategies include • Workshop discussion- Communication of knowledge and ideas between the lecturer and students • Problem Solving Exercises and Case Studies– Learners will work both individually and as part of a group to resolve a variety of scenarios relating to early childhood practice. • Class Discussion/Debate - Learners will be encouraged to actively participate in the class sessions which will develop their analytical and communication skills. • E-Learning – It is envisaged that the module will be supported with on-line learning materials. • Self-Directed Independent Learning – the emphasis on independent learning will develop a strong and autonomous work and learning practices
Module Aim:	:		The aim of this module is to assist learners to develop personally and professionally through advanced practice opportunities and critically reflecting on changes in their practice in light of current research, theory and policy. Learners will be aware of the relevant tasks, responsibilities, skills and knowledge required of emerging professionals in the field. This module aims to bring together, in a supervised professional practice setting, accumulated programme learning.
