

MEDI C2808: Creative Digital Media

	-	Conversity		
Module Title:		Creative Digital Media		
Language of Instruction:		English		
Credits: 5				
NFQ Level:	6			
Module Del	livered In	<u>3 programme(s)</u>		
Teaching & Learning Strategies:		Lectures / Tutorials / Practicals concentrating on the development of creative thinking skills, idea generation and visualisation techniques.		
Module Aim:		This module will give students extensive knowledge, understanding and competencies across a wide range of digital media design principles and practices; reviewing how digital media communication concepts relate to society, storytelling and branding in the digital world.		
Learning O	utcomes			
On success	ful completion of t	his module the learner should be able to:		
LO1	Develop key skills across a wide range of digital media technologies and design solutions to create finished artwork for a desired digital marketing solution which is creative and engaging.			
LO2	The ability to contribute significantly to the design, development, implementation and research of effective digital media.			
LO3	Comprehend and describe key issues and debates surrounding the development and evolution of new media technologies in society.			
LO4	Present work that demonstrates a variety of technical skills in digital illustration and imaging. Develop techniques to meet or exceed project specifications.
