Module Title:	Introduction to Psychology
Language of Instruction:	English

Credits:	5

NFQ Level:	6

Module Delivered In	2 programme(s)

Teaching & Learning Strategies:	The learning outcomes detailed above will be achieved through the following teaching methodologies: 1. Lectures - interactive communication of knowledge and ideas from the lecturer to the student, using Powerpoint slides with ongoing questions and discussion encouraged. ". 2. Tutorials: smaller group learning. 3. Active & collaborative learning through class and group discussion: students will be encouraged to actively participate in the class sessions and in the tutorials, to reflect on elements of their own lives, the world around them and their professional practice. They will be encouraged to share learning, queries and challenges, and thus be enabled to make the theory-practice link under the guidance of the lecturer / tutor. 4. E-Learning — It is envisaged that the module will be supported with on-line learning materials including discussion boards. 5. Directed & independent learning through reading of books, peer-reviewed journal articles and critical reviews of both classic studies and recent research in psychology and the application of these studies in the real world.
