

Module Title:	Services Marketing
Credits:	10
NFQ Level:	7
Module Delivered In	No Programmes
Teaching & Learning Strategies:	The learning outcomes detailed above will be achieved through the following teaching methodologies; • Lectures: communication of knowledge and ideas from lecturer to student. Students will be encouraged to engage in active discussion of the material during lectures. • Problem Solving Exercises; Students will be working in small team on an assigned project. They will apply the theory to their project on a topic by topic basis. They will also be given mini case studies where application of the theory will be demonstrated. • Class Discussion / Debate; All classes will involve active engagement and discussion with the material. • E-Learning; There will be on-line learning materials provided. • Self Directed Independent Learning; Students will produce a plan for an assigned service company. This will require independent learning. It will develop their research, project management, written and oral communication skills.
Module Aim:	The course aims to provide the student with an understanding of the unique challenges of managing & marketing services and to provide them with the knowledge to identify, analyze and solve problems encountered in this area. The attraction, retention and building of strong customer relationships through quality service are at the heart of the course content.
Learning Outcomes	
<i>On successful completion of this module the learner should be able to:</i>	
LO1	Distinguish between services marketing and product marketing and identify commonalities and differences
LO2	Evaluate the 'moment of truth' for a service company and suggest solutions
LO3	Determine the elements of an effective services marketing mix: - the original 4P's plus the additional physical environment, processes and people
LO4	Evaluate the 'services marketing mix' for a service company and make recommendations as to how it could be marketed more effectively
LO5	Discuss the components of an effective Service Quality Information system.
Pre-requisite learning	
Module Recommendations
