

Module Title:	Performance Analysis
Language of Instruction:	English
Credits:	5
NFQ Level:	7
Module Delivered In	No Programmes
Teaching & Learning Strategies:	This module will be delivered in one two hour practical per week for 15 weeks. Any course-related issue or questions that may arise will be discussed at lectures. Course lecture summaries, course calendar, announcements and other course-related material will be available on Blackboard, a virtual learning environment. Students can contact lecturer outside of class hours to discuss formative feedback given on written reports and group project work. The practical component will allow students to develop problem solving abilities and group skills and promote deep learning via investigation of a problem, application of prior knowledge and analysis of results thus generating new knowledge.
Module Aim:	This module aims to develop the student's ability to critically engage in the process of analysis of sports performance and use strategies for the analysis of sports performance.
