Module Title:		Tort Law 2
Language of Instruction:		English
Credits:	10	
NFQ Level:	8	
Module Delivered In		4 programme(s)
Teaching & Learning Strategies:		Lectures - communication of knowledge and ideas from the lecturer to the student. Problem Solving Exercises - students will work as part of a team and will work together to resolve various legal scenarios. Class Discussion/Debate - Students will be encouraged to actively participate in the class sessions which will develop their analytical and communication skills. E-Learning - It is envisaged that the module will be supported by online learning materials. Self-Direct Independent Learning - the emphasis on independent learning will develop strong and autonomous work and learning practices.
Module Aim:		To provide students with a comprehensive understanding of the general principles of tort law by examining the various forms of liability attaching to the main torts; the principles upon which liability is based in such areas as negligence, nuisance, liability for escapes, trespass and defamation; the relationship between common law, legislation and judicial policy. This module also aims to contribute to the development of the student's skills in legal analysis and problem-solving as well as research and reasoning skills.

Learning Outcomes			
On successful completion of this module the learner should be able to:			
LO1	Solve legal problems by analysing factual situations and identifying and applying the relevant law in order to produce reasoned solutions.		
LO2	Explain the role of tort law in addressing the requirements of public policy and issues of personal responsibility.		
LO3	Demonstrate understanding of both general and specific defences and the remedies available in an action in tort law.		
LO4	Critically evaluate existing tort law in order to produce convincing arguments for reform.
