

Module Title:	Financial Management for Accounting
Language of Instruction:	English
Credits:	10
NFQ Level:	6
Module Delivered In	1 programme(s)
Teaching & Learning Strategies:	Lectures - Communication of knowledge and ideas from the lecturer to the student. Problem Solving Exercises - Student will work as part of a team and will work together to resolve various business scenarios. Class Discussion/Debate - Students will be encouraged to actively participate in the class sessions which will develop their analytical and communication skills. E-Learning - It is envisaged that the module will be supported with on-line learning materials. Self-Direct Independent Learning - The emphasis on independent learning will develop strong and autonomous work and learning practices.
Module Aim:	The aim of this module is to provide an introduction to business financial management through the development of theoretical and practical skills and knowledge in relation to investment and financing decisions faced by business organisations (enabled by the completion of financial accounting 1). The depth and breadth of module content and assessment are designed to gain maximum exemptions from professional accountancy bodies, appropriate to a Higher Certificate in Accounting programme.

Learning Outcomes	
<i>On successful completion of this module the learner should be able to:</i>	
LO1	Define and explain the key terms, concepts and practices associated with: The role of the finance function; Assessing business performance; Optimising the use of working capital; Allocating resources to capital expenditure projects; Financing operations; The weighted average cost of capital; and Optimum capital structure.
LO2	Identify and apply appropriate financial management techniques when presented with defined and undefined practical business problems.
LO3	Analyse and interpret results and outcomes within a financial management framework and make recommendations.
LO4	Examine the tools and techniques that are used to aid decision-making in the area of financial management.

Pre-requisite learning	
Module Recommendations <i>This is prior learning (or a practical skill) that is recommended before enrolment in this module.</i>	
No recommendations listed	
Incompatible Modules <i>These are modules which have learning outcomes that are too similar to the learning outcomes of this module.</i>	
No incompatible modules listed	
Co-requisite Modules	
No Co-requisite modules listed	
Requirements <i>This is prior learning (or a practical skill) that is mandatory before enrolment in this module is allowed.</i>	
No requirements listed
