Successful completion of First Year.

ZPHI H2104: Soft Tissue Manual Therapy

	- ,	Oniversity			
Module Title:		Soft Tissue Manual Therapy			
Language of Instruction:		English			
Credits:	5				
Credits.	[3				
NFQ Level	: 6				
Module De	elivered In	2 programme(s)			
Teaching & Learning Strategies:		This module will be delivered via a one-hour lecture and three one-hour practicals per week for one term. Students may access the material via Blackboard in advance to encourage active learning. Students will be required to examine and discuss case histories in an interactive manner which will assist the student develop lateral thinking skills and broaden their scope of thinking. This style of learning will be carried out through group discussion and problem solving. The practical component will allow students to develop the required practical competencies, attitudes and behaviours appropriate for managing a patient case. They will also develop a methodological approach for progression of treatment			
Module Aim:		To progress the understanding of the students clinical assessment techniques, to identify impairments and teach the student to plan and implement appropriate clinical manual interventions and progression of soft tissue treatments where appropriate			
Learning (Outcomes				
On success	sful completion	of this module the learner should be able to:			
LO1	Describe the appropriately	rationale behind soft tissue manual therapy and be competent in selecting and implementing techniques			
LO2	Describe ho	v to assess and treat soft tissue			
LO3		Perform specific soft tissue techniques in the treatment of Neuromusculoskeletal dysfunction and impairment. Instruct, illustrate, implement and progress a patients programme			
Pre-requis	ite learning				
Module Recommendations This is prior learning (or a practical skill) that is recommended before enrolment in this module.					
No recommendations listed					
Incompatible Modules These are modules which have learning outcomes that are too similar to the learning outcomes of this module.					
No incompatible modules listed					
Co-requisi	ite Modules				

Requirements
This is prior learning (or a practical skill) that is mandatory before enrolment in this module is allowed.

ZPHI H2104: Soft Tissue Manual Therapy

Module Content & Assessment

Indicative Content

Theory/Practical 1.1

Appreciation and recognition of the value of the inflammatory healing process and appropriate timing for manual intervention techniques.

Recognition and appreciation of the guidelines for the use of and contraindications for manual therapy interventions.

Theory/Practical 1.3Sports massage: pre and post and inter event massage techniques and their uses.

Theory/Practical 1.4

Consolidation and progression of massage techniques incorporating myofasical techniques.

Deep connective tissue massage, friction applications and specific soft tisue mobilisation techniques.

Theory/Practical 1.6

Stretching techniques: Implementation and progression incorporating Muscle energy techniques, Proprioceptive Neuromuscular Facilitation (PNF) and basic stretching techniques.

Theory/Practical 1.7Problems, aims and short and long-term goals of treatment plan.

Assessment Breakdown	%
Continuous Assessment	30.00%
Practical	70.00%

Continuous Assessment				
Assessment Type	Assessment Description	Outcome addressed	% of total	Assessment Date
Case Studies	Case study or short questions	1	30.00	n/a

No Project

Practical				
Assessment Type	Assessment Description	Outcome addressed	% of total	Assessment Date
Practical/Skills Evaluation	A practical viva exam where the student will be examined on the rationale and use of manual therapy and the practical application of specific techniques	1,2,3	70.00	Sem 1 End

No End of Module Formal Examination

SETU Carlow Campus reserves the right to alter the nature and timings of assessment

ZPHI H2104: Soft Tissue Manual Therapy

Module Workload

Workload: Full Time		
Workload Type	Frequency	Average Weekly Learner Workload
Lecture	12 Weeks per Stage	1.00
Laboratory	12 Weeks per Stage	3.00
Estimated Learner Hours	15 Weeks per Stage	5.13
	Total Hours	125.00

Module Delivered In

Programme Code	Programme	Semester	Delivery
CW_SASRA_B	Bachelor of Science (Honours) in Sports Rehabilitation and Athletic Therapy	4	Mandatory
CW_SAPHS_C	Higher Certificate in Science in Physiology and Health Science	4	Mandatory
