Module Title:	Work Placement

Credits:	15

NFQ Level:	7

Module Delivered In	No Programmes

Teaching & Learning Strategies:	Placement Monitoring: Members of each Institute's programme board will operate as placement supervisors. A work programme will be agreed between the placement supervisor and industrial supervisor in consultation with the student. The placement supervisor will monitor the student's progress by maintaining close contact with the student and industrial supervisors. Students will be visited during the placement by placement supervisor(s). All students going on placement must abide by the Institute's latest placement policy.

Module Aim:	To provide the learner with the experience of working in a relevant industry.

Learning Outcomes	
On successful completion of this module the learner should be able to:	
LO1	Function within a professional work environment
LO2	Apply knowledge, skills and competencies acquired during the programme of study to work place
LO3	Describe the organisation of the host company and his/her role within it;
LO4	Describe the operational practices within the host company;

Module Content & Assessment

Indicative Content
Content To prepare the students for work placement there will be a 1-hour tutorial session each week leading up to placement time. Prospective supervisors from our industrial partners will give a presentation to the students on their company, their work, and what is expected of the students during placement. The industrial placement will start in March, and will last for six months.
