

Module Title:	Pre Competition Trauma Management
Language of Instruction:	English
Credits:	10
NFQ Level:	8
Module Delivered In	1 programme(s)
Teaching & Learning Strategies:	This module will be delivered in a two hour lecture and five hour practical per week over 12 weeks. Students may be required to access the material via Blackboard in advance of the class and practicals to encourage active learning. Group and peer learning will be facilitated during the preparation of assignments, presentations and practicals. Any course-related issue or questions that may arise will be discussed at lectures. Course lecture summaries, course calendar, announcements and other course-related material will be available on Blackboard, a virtual learning environment. Class demonstrations will illustrate the key concepts of the course and will be available throughout the year. Digital resources such as youtube and the National Digital Learning Repository will be used as practicable. The practical component will allow students to develop the required technical competencies, attitudes and behaviours; develop problem solving abilities and group skills.
Module Aim:	To encompass all aspects of pre-event management, strapping and pitchside traumatology into management of acute life and limb threatening injuries and emergency care situations within sports.
Learning Outcomes	
<i>On successful completion of this module the learner should be able to:</i>	
LO1	To design an emergency action plan (EAP) and activate the appropriate emergency service for a safe appropriate transfer of a player off the pitch to the required medical facility
LO2	To assess for life and limb threatening conditions.
LO3	To display competent injury management for both primary and secondary assessment within any emergency care situations in sport.
LO4	To display a clear knowledge and competent application of strapping techniques for various joints and soft tissues injuries.
LO5	To develop applied learning skills through the use of real world problem based situations by group discussion, decision making and via a reflective practice portfolio.
Pre-requisite learning	
Module Recommendations <i>This is prior learning (or a practical skill) that is recommended before enrolment in this module.</i>	
No recommendations listed	
Incompatible Modules <i>These are modules which have learning outcomes that are too similar to the learning outcomes of this module.</i>	
No incompatible modules listed	
Co-requisite Modules	
No Co-requisite modules listed	
Requirements <i>This is prior learning (or a practical skill) that is mandatory before enrolment in this module is allowed.</i>	
No requirements listed	

Module Content & Assessment

Indicative Content

Pitchside Trauma Management

Principles of designing an emergency action plan, demonstrate pitch-side assessment skills and recognition for acute injuries conditions which can be life or limb threatening, medical conditions emergency situations in sports.

Strapping and Taping

Demonstrate the competent and effective use of strapping with regards pre-application, application and post application across a variety of joints and soft tissue injuries.

Assessment Breakdown	%
Continuous Assessment	30.00%
Practical	70.00%

Continuous Assessment

Assessment Type	Assessment Description	Outcome addressed	% of total	Assessment Date
Other	May include any of the following Written Report / MCQ test / Reflective practice portfolio	1,2,3,5	30.00	n/a

No Project

Practical

Assessment Type	Assessment Description	Outcome addressed	% of total	Assessment Date
Practical/Skills Evaluation	Practical exam	2,3,4,5	70.00	Sem 2 End

No End of Module Formal Examination

SETU Carlow Campus reserves the right to alter the nature and timings of assessment

Module Workload

Workload: Full Time		
<i>Workload Type</i>	<i>Frequency</i>	<i>Average Weekly Learner Workload</i>
Lecture	12 Weeks per Stage	2.00
Practicals	12 Weeks per Stage	5.00
Independent Learning	15 Weeks per Stage	11.07
Total Hours		250.00
